

# 9. Dreamcatcher

Carol LaForet

The musical notation is presented in four rows of flute diagrams. Each diagram is a vertical rectangle with a pointed top and a small circle at the bottom, representing a flute. The holes are represented by dots. The notes are as follows:

- Row 1: 7 diagrams. The first six have 5 black dots (holes) and 1 white dot (hole). The seventh has 5 black dots and 4 white dots. A wavy line follows.
- Row 2: 5 diagrams. The first four have 5 black dots and 1 white dot. The fifth has 5 black dots and 2 white dots. A wavy line follows.
- Row 3: 7 diagrams. The first six have 5 black dots and 1 white dot. The seventh has 5 black dots and 3 white dots. A wavy line follows.
- Row 4: 5 diagrams. All have 5 black dots and 1 white dot. A wavy line follows.

To the right of the notation is a large illustration of a dreamcatcher. It features a circular web with a star-like pattern in the center, three teardrop-shaped feathers hanging from the bottom, and a small bird perched on the web.

This sample song is from our songbook **Beginner Songs**.  
The complete songbook as well as flutes and accessories are available at:
