

9. River Stones

Carol LaForet

The musical notation for 'River Stones' consists of three rows of flute diagrams. Each diagram is a vertical rectangle with a pointed top and a small circle at the bottom, representing a flute. The diagrams are filled with black dots (holes) and white circles (openings).
- Row 1: 14 diagrams. The first 6 diagrams have 6 black dots in the top half and 4 white circles in the bottom half. The 7th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 8th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 9th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 10th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 11th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 12th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 13th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 14th diagram has 6 black dots in the top half and 4 white circles in the bottom half.
- Row 2: 14 diagrams. The first 4 diagrams have 6 black dots in the top half and 4 white circles in the bottom half. The 5th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 6th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 7th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 8th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 9th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 10th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 11th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 12th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 13th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 14th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right.
- Row 3: 12 diagrams. The first 3 diagrams have 6 black dots in the top half and 4 white circles in the bottom half. The 4th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 5th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 6th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 7th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 8th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 9th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 10th diagram has 6 black dots in the top half and 4 white circles in the bottom half. The 11th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. The 12th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right.
To the right of the third row is a drawing of a feather with a dark brown top and a white bottom, with a small black and white striped stem.

10. Echo

Carol LaForet

The musical notation for 'Echo' consists of two groups of flute diagrams. Each diagram is a vertical rectangle with a pointed top and a small circle at the bottom, representing a flute. The diagrams are filled with black dots (holes) and white circles (openings).
- Group 1: 4 diagrams. The first 3 diagrams have 6 black dots in the top half and 4 white circles in the bottom half. The 4th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. Below the first diagram is a wavy line. Below the second diagram is a wavy line. Below the third diagram is a wavy line. Below the fourth diagram is a wavy line.
- Group 2: 6 diagrams. The first 5 diagrams have 6 black dots in the top half and 4 white circles in the bottom half. The 6th diagram has 6 black dots in the top half and 4 white circles in the bottom half, with a wavy line to its right. Below the first diagram is a wavy line. Below the second diagram is a wavy line. Below the third diagram is a wavy line. Below the fourth diagram is a wavy line. Below the fifth diagram is a wavy line. Below the sixth diagram is a wavy line.
The text "(Repeat softly)" is written below the first group and the second group.

This sample song is from our songbook **Simple Songs**.
